Home Guard

WALK ON THE PREMIUM SIDE

Whether to the backyard or the pool, an Innovations Premium Sliding Patio Door allows you to connect to your surroundings. Available in standard and custom sizes, the Innovations Sliding Patio Door features many unique options to deliver the ultimate in operation and performance.

- Uncompromised style
- Traditional interior millwork panel design
- Contemporary styled Multi-Point handle
- Two, three, and four-panel configurations
- Three premium wood-grain interiors
- Select hardware finish options
- Unsurpassed performance
- Tandem Marine Ball Bearing Roller System
- Metal reinforced panels
- Triple weather-stripping minimizes air infiltration
- High performance sill eliminates water penetration
- Heavy duty extruded screen with spring loaded guides

Home Guard's Patio doors:

Have a durable, tight seal

- Are low-maintenance
- Feature high-quality sliders that ensure quiet, squeak-free operation

All Home Guard's Patio doors are durable, energy-efficient and secure.

Benefits of Patio Door Replacement

No matter what kind of front door you install, you'll get to enjoy the benefits associated with door replacement, including:

- Improved energy efficiency
- Higher comfort levels all year
- Enhanced aesthetics
- Better security and safety
- Greater home value
- Boosted curb appeal
- Great return on investment (one of the highest for exterior home improvement projects)
